TO WHOM IT CONCERNS

19 August 2007

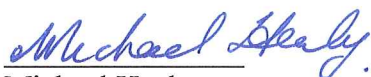

Reference for:

**ALUSTAN Building Contractors Ltd.
4 Newmarket Hall
The Coombe
Dublin 8**

Alustan have worked as subcontractors for the installation of curtain walling and windows on various projects carried out by McNamara in the Cork area over the past three years. This included work on Buildings 22, 24, 26, 27 and 30 at Cork Airport Business Park as well as the Cork International Airport Hotel.

Alustan, under the watchful eye of Michal Miazga, took great pride in their work and paid very close attention to weathering details. Alustan completed all their work for McNamara on time and to very high standard.

In my opinion Alustan is a thoroughly professional and technically competent company and I have no hesitation in recommending them for similar work

Michael Healy
Regional Director for
Michael McNamara & Co
